

**OCTOBER 11-12-13  
2019**

Hi all,

A heads up to what's happening for the first Thunderslot Down Under event to be held in Nelson on the 11th - 13th October.

The format is the same as the Challenge with six two minute heats in the morning then after reseeding the same in the afternoon. At the conclusion of racing there will be an informal F1 classic race for those who have cars. Remember the car needs to be pre 1980.

The exciting news is Giovanni Montiglio from Thunderslot will be in attendance & racing with us.

Two new trophies are up for grabs this year. One for the overall winner and the other for the highest placed T70 coupe. With 35 entrants we are assured of a great weekend.

For those who are arriving early there will be a club race meeting you can join in on the Wednesday with the track open from 6-30pm.

The normal food and coffee cart will be in attendance to keep us race fit. As it is Bathurst weekend a TV will be set up for viewing.
