

We have the first look at the new release from ThunderSlot, a LOLA T70 CanAm Car (Pre-Production Prototype)

Check out the fine mesh in the rear grille...

Detailed engine & interior...

- Same chassis as their 1st release
- New tooling for the body
- A quiet, smooth, & fast runner
- Crisp clean lines and highly detailed
- The body is 5.3g lighter than the 1st release & 6.8g lighter overall

Please note that this is a pre-production prototype and does not reflect the final finish of this release...
